EATON SPECIAL

When we quote

→ **COMPARATIVE PRICES**

**we make sure of our figures!**

★ When we quote a "Comparative Price"—that is, compare an Eaton special price with the ordinary price prevailing—a thorough survey is made of the local market, to make certain that the special price to be quoted is substantially lower than the price at which the article is currently being sold in other stores as well as our own. Only when this condition is fulfilled will we quote Comparative Prices in our Advertising.
